Course Description
This is a class on European Integration. The European Union (EU) is a unique international organization, a political project, and a political experiment. The goal of this class is to both introduce you to theoretical debates over the emergence and survival of the EU and help you become critical participants in the vibrant debates over its future. You will learn the history, structure, and politics of the European Union, including the challenges it faces today. In the first part of the course, we will cover the most prominent explanations of the emergence of the European Community; its historical evolution since the end of World War II; and the main challenges the EU faces today. We will also focus on competing visions within the EU (e.g., intergovernmentalism vs. federalism). In the second part, we will pay special attention to the “EU Enlargement” debate. In the final part, we will focus on transatlantic relations and the EU’s position in the world.

Recommended:

Blackboard
This course will use Blackboard for announcements and readings (see “Electronic Reserves”). I strongly encourage you to ensure you have access to Blackboard as soon as possible. To log onto Blackboard, you will need to use your Net ID and e-mail password. If you have any questions about how to use the system, go to http://helpdesk.gwu.edu.

Course Requirements:

Midterm Exam: In-class midterm exam (February 20).
Final Exam/Paper: Take-Home Final exam (May 8)

Average minimum amount of independent, out-of-class, learning expected per week:
Over 14 weeks, students will spend 2.5 hours per week in lecture (35 hours for the semester). Homework, assignments, and other out-of-class work is estimated to take up, on average, 5 hours per week (70 hours for the semester). The course includes a take-home final exam for which approximately 10 hours of work is assumed.

Learning Outcomes
As a result of completing this course, students will:
1. Know the history of the European Union and understand its institutional structure.
2. Understand the contemporary political debates about the future of the EU.
3. Have developed an understanding of EU foreign, security, defence, economic, and environmental policy.
4. Improve your presentation skills.
5. Compose a publishable opinion piece on the topic.

Class Policies
The following policies are important. Read them carefully.

Attendance
Please come to class on time. Feel free to bring a cup of coffee/tea or water, but please don’t bring food. Cell phones must be turned off. Laptops or other electronic devices are not allowed. (Hand writing notes is a more effective learning strategy than typing; see "Ditch the laptop and pick up a pen, class. Researchers say it's better for note taking" in the Washington Post.) Instead of attendance I will give occasional pop quizzes with difficult questions such as "what is your name?" or "what day of the week is it today?" turned off and out of sight.

Grading
There are three components to your grade:
- Class Participation: 20% - Students will have to read 1-2 texts or watch a video per class. They are a compilation of academic and policy materials as well as official documents
and speeches. They aim to introduce the issues and debates for each class and they are the beginning and not the end of the discussion. Active participation in class is strongly encouraged. You are also encouraged to bring with you news stories that are relevant to our class.

- **In-class midterm: 50%** - The midterm will consist of two parts. The first part will include 10 multiple-choice questions (40/100). In the second part you will be asked to choose 6 out of 10 IDs and write on them (60/100). Please do not bring with you any notes or reading materials. (February 20).

- **Take-home final: 30%** - There is a take-home final for this class. There is no in-class final. The take-home final will account for 30% of your grade. Students will be given two topical subjects on May 7th and asked to prepare a Policy Note for the EU High Representative (due on May 8th). You should upload it to safe assign on Blackboard. This will be an internal/confidential note reviewing an issue and recommending concrete policy action and next steps. The Note should not be longer than 1500 words. Guidelines will be discussed on April 23.

I am using blackboard’s default grading schema (see Table). Please keep in mind that I do not round up grades.

- **Participation** (20%)
- **Midterm** (50%)
- **Take-Home Final Exam** (30%)

If you would like me to re-grade your midterm or the final paper, you must submit a written request, explaining why you believe you did not receive the proper grade. I reserve the right to raise or lower your grade. There will not be opportunities to do extra-credit work to improve your grade.

**Late Work**

Late assignments will lose one third of a full grade (e.g., from an A to a A-, to B+ etc.) for each day after the deadline. There are only two exceptions to the late-assignment policy: illness or family emergency. If either of these circumstances applies, you must provide written documentation (such as a doctor’s note if you are ill), and you must communicate with me before the assignment is due (i.e., emailing me on the morning the assignment is due and saying you are sick is not acceptable for avoiding a penalty). I am willing to accommodate documented requests, but you must communicate with me before the assignment is due.

**Participation and class environment**

You are expected to come prepared. All lectures will involve discussion, and participation will account for 20% of your grade. This course is intended to create an active intellectual atmosphere that promotes participatory learning. Students are expected to have engaged with the readings in advance and participate by making comments, asking questions, and sharing constructive ideas. Students are always required to interact respectfully with each other.

An inclusive learning environment is critical to the goals and objectives of this course. We will be discussing sensitive, personal issues related to identity and politics. It is important that students from all backgrounds and experiences feel welcome, participate actively, and have the opportunity to excel in this course. Your reflections or suggestions on how to ensure an inclusive learning environment for you individually or for other students are welcome.

**Make-up exams**

Make-up exams are allowed only if you have consulted with me in advance.

Shelter in Place – General Guidance
Although it is unlikely that we will ever need to shelter in place, it is helpful to know what to do just in case. No matter where you are, the basic steps of shelter in place will generally remain the same.
• If you are inside, stay where you are unless the building you are in is affected. If it is affected, you should evacuate. If you are outdoors, proceed into the closest building or follow instructions from emergency personnel on the scene.

• Locate an interior room to shelter inside. If possible, it should be above ground level and have the fewest number of windows. If sheltering in a room with windows, move away from the windows. If there is a large group of people inside a particular building, several rooms maybe necessary.

• Shut and lock all windows (for a tighter seal) and close exterior doors.

• Turn off air conditioners, heaters, and fans. Close vents to ventilation systems as you are able. (University staff will turn off ventilation systems as quickly as possible).

• Make a list of the people with you and ask someone to call the list in to UPD so they know where you are sheltering and who is with you. If only students are present, one of the students should call in the list.

• Await further instructions. If possible, visit GW Campus Advisories for incident updates (http://CampusAdvisories.gwu.edu) or call the GW Information Line 202-994-5050.

• Make yourself comfortable and look after one other. You will get word as soon as it is safe to come out.

Evacuation
An evacuation will be considered if the building we are in is affected or we must move to a location of greater safety. We will always evacuate if the fire alarm sounds. In the event of an evacuation, please gather your personal belongings quickly (purse, keys, GWorld card, etc.) and proceed to the nearest exit. Every classroom has a map at the door designating both the shortest egress and an alternate egress. Anyone who is physically unable to walk down the stairs should wait in the stairwell, behind the closed doors. Firemen will check the stairwells upon entering the building.

Once you have evacuated the building, proceed to our primary rendezvous location: the courtyard area between the GW Hospital and Ross Hall. In the event that this location is unavailable, we will meet on the ground level of the Visitors Parking Garage (I Street entrance, at 22nd Street). From our rendezvous location, we will await instructions to re-enter the School.

Alert DC
Alert DC provides free notification by e-mail or text message during an emergency. Visit GW Campus Advisories for a link and instructions on how to sign up for alerts pertaining to GW. If you receive an Alert DC notification during class, you are encouraged to share the information immediately.

GW Alert
GW Alert provides popup notification to desktop and laptop computers during an emergency. In the event that we receive an alert to the computer in our classroom, we will follow the instructions given. You are also encouraged to download this application to your personal computer. Visit GW Campus Advisories to learn how.

Additional Information
Additional information about emergency preparedness and response at GW or the University’s operating status can be found on GW Campus Advisories (http://CampusAdvisories.gwu.edu) or by calling the GW Information Line at 202-994-5050.
